Instructions: The Supervisor shall maintain one record for each assigned Mini Project group. Progress shall be recorded after every project discussion/meeting. All group members present must sign the corresponding meeting entry on the same date; a blank signature against a member shall indicate absence from that meeting. The Supervisor shall countersign each dated entry after recording the discussion, progress and action items. The status of work assigned in the previous meeting shall be recorded as Completed, Partial or Pending. This record may be considered while monitoring continuous progress and determining eligibility for subsequent project reviews.
